Dear Madam/Sir,

Re: Invitation to participate in the training on developed Virtual Science Laboratories (VSLs)

The Government of Rwanda, through the Ministry of Education (MINEDUC) and the Rwanda Basic Education Board (REB) is implementing the “Rwanda Education for Human Capital Development”(QBEHCD) Project. One of the Project’s objectives is to enhance teacher effectiveness for improved student learning through support of professional development of Mathematics and Science teachers (Sub-component 1.2 in which the University of Rwanda-College of Education (UR-CE) is partnering in the implementation).

In order to establish impact on the teacher training, there is a need to measure the level of the use of modernized tools by trained teachers. Teachers will also adopt Virtual Science Laboratories (VSLs) during implementation of what they have gained during the trainings.

It is on this background that REB in partnership with UR-CE is pleased to invite Math and Science teachers (as per attached list) to participate in the training on developed VSLs, piloting the VSLs and providing feedback on the piloted VSLs. The training is scheduled from **28th to 30th March 2024** at UR-CAVM; piloting is scheduled from **15th April to 03rd May 2024** at their respective schools while the workshop to provide feedback is scheduled from **4th to 5th May, 2024** at UR-CAVM in Musanze District; arrival at UR-CAVM being on **27th March and 03rd May 2024** respectively.

Considering this important activity, invitees are requested to bring mission authorization from their school Headteachers and laptop. Accomodation, mission and transport allowances will be covered by UR-RQBE HCD Project. For more information, please contact **Mrs. UWAMARIYA Eugénie**, Math and Science Specialist via [Tel:0788498853](tel:0788498853) or Email: euwamariya@reb.rw and **Dr. NSENGIMANA Theophile**, Lecturer at UR-CE via Tel: +250788614146 or Email: nsengimanafr@gmail.com.

Yours sincerely,

Dr. MBARUSHIMANA Nelson
Director General
